

FERAL EXCLUSION FENCING

FENCE SPECIFICATION

PREFABRICATED WIRE SPECIFICATION	15/150/15 Fastlock plus 30cm Apron
BARBED WIRE SPECIFICATION	1.80 or 2.00mm High Tensile
POST SPECIFICATION	230cm or 240cm HD Galv Rapid Posts

DESIGN BENEFITS

- Fastlock square knot minimises vertical wire movement.
- Three high tensile 2.8mm wires at top, bottom and edge of apron.
- Barbed Hinged Apron to handle pressure of animals trying to push under the back of the fence.
- Rapid Posts makes fastening wire to the posts quick and easy.

ABOUT SOUTHERN WIRE

Southern Wire is a family owned, Australian manufacturer of premium fencing products. We specialise in designing fences to suit your exact requirements and have supplied over 1,000km of feral exclusion fencing to QLD and NSW in recent years.
