

# GRIPLOCK®

## Griplock®

**Griplock is renowned worldwide as being able to withstand pressure that would otherwise destroy hinged joint and ring joint fences.**

With high tensile line wires and one piece vertical wires joined with the unique fixed knot, Griplock boasts maximum resistance to impact damage. Manufactured using premium quality heavy galvanised wire, you can be assured that your Griplock fence will be 'Stronger for Longer'.

Griplock is used in areas with significant vermin presence and by discerning landowners who believe in building fences right the first time. Toughline fences have extra strength 2.80mm top and bottom wires.

Southern Wire Griplock® provides:

- **Longevity** – Manufactured in Australia using high quality, heavy galvanised wire.
- **Strength** – Super strong Griplock knot that eliminates the risk of the vertical wires slipping.
- **Durability** – Able to withstand extreme vermin pressure.
